QA Protocol for Introduction of QF Level 4 Programmes

Remarks:

*For QF Level 4 Programmes of 15 units or less, only the General Framework (of programmes sharing similar structure and admission/graduation requirements) together with the planning proposal of the first programme to be offered under the Framework will be subject to the planning approval of ADC and the subsequent full approval procedures.

**Upon approval of the General Framework and the first programme, the SDPU will be delegated the authority to approve new programmes developed under the approved Framework.

Notes: In this light, revisions to Level 4 programmes with 15 units or less would be subject to the devolved procedures of the SDPU, provided that no changes in the approved General Framework are involved.
