

Number and Normalized Mean cGPAs of Senior Year Entrants (2016 Entry)

As of September 1, 2016

The normalised mean cGPA is based on the average cGPA of the senior year entrants admitted to a particular study programme in each admission year. For easy reference, the cGPAs are normalised with a cap at 4.00.

As programmes adopt a holistic approach in selecting students, the actual results of the senior year entrants admitted to each programme may vary from year to year (depending on the overall results achieved by applicants in a particular year, the number of applicants applying for a particular programme, changes in selection criteria, etc.).
