Head: Dr Amelia N Y Lee

BACHELOR OF EDUCATION (HONOURS) IN EARLY CHILDHOOD EDUCATION

The Bachelor of Education (Honours) in Early Childhood Education (BEd (Hons) in ECE) programme aims at developing the professional knowledge and skills of secondary leavers who are interested to develop their careers in early childhood education and childcare services as well as enhancing the professional growth and competence of those working in the early childhood settings.

To align with the government's initiative in upgrading the academic qualification of early childhood educare practitioners, graduates of the programme will be trained to become self-reliant early childhood professionals equipped with in-depth knowledge, lifelong learning skills, and commitment to their profession, with the ability to facilitate learning in a constantly changing world and to promote high quality and innovative education and care for young children in the local early childhood education settings.

Mode of Study

Face-to-face mode will mainly be adopted to cater for the needs of the students and to encourage interaction between lecturers and students. The process of re-thinking teaching beliefs and behaviour will further be facilitated through peer interaction as well as the stimulus which comes from a challenging classroom learning environment.

In addition, practical sessions will be provided for students to apply the theoretical concepts acquired.

Assessment

Students are expected to complete all the requirements of the programme before being awarded the BEd (Hons) in ECE degree. The grading will be in accordance with the Hong Kong Baptist University's Grade Point Average (GPA) ruling. Assessment in each course will vary but will be continuous with a mixture of assignments, practical work, research and examinations.

Programme Structure

The programme consists of 128 units with 38 units under the general education domain, 60 units under the major domain and 30 units under the elective domain. The programme consists of all essential Certificate in Early Childhood Education (C(ECE)) components and graduates will thereby become qualified for initial registration as pre-school practitioners to serve in kindergartens and kindergarten-cum-child care centres. Furthermore, the programme is recognized by the Social Welfare Department for registration as Child Care Workers (CCW) and Child Care Supervisors (CCS).

Students could choose to exit the programme with a Higher Diploma in Early Childhood Education upon completion of 73 units or proceed to the BEd (Hons) in ECE degree. The following table shows the structure of the programme.

POSTGRADUATE DIPLOMA IN EARLY CHILDHOOD EDUCATION

The Postgraduate Diploma in Early Childhood Education programme is developed in response to the initiative of the Education Bureau to further enhance the quality of early childhood education in Hong Kong by attracting degree holders to enter the field. Graduates of the programme will be trained to become self-reliant early childhood professionals equipped with in-depth knowledge, lifelong learning skills, and commitment to their profession, with the ability to facilitate learning in a constantly changing world and to promote high quality and innovative education and care for young children in the local early childhood education settings.

Mode

The programme is offered in a one-year full-time or two-year part-time mode with face-to-face teaching. In addition, practical sessions will be provided for students to apply the theoretical concepts acquired. The practicum component covers not less than 8 weeks of placement in a local kindergarten or kindergarten-cum-child care centre.

Assessment

Students are expected to complete all academic requirements of the programme before being awarded the Postgraduate Diploma in Early Childhood Education. The grading of the programme will be in accordance with the Hong Kong Baptist University's Grade Point Average (GPA) ruling. Assessment in each course will vary but will be continuous with a mixture of class participation, assignments, practical work and reports.
