

**CHSS 4025 Population of China (3,3,0)**

Prerequisite: CHSS 2016 or SOCI 2016 Modern Chinese Society or SOCI 2025 Population Studies

This course provides a comprehensive introduction to the population of China. Major concerns include basic demographic characteristics of China and the processes producing their changes. The former include size, distribution and composition, and the latter involve mortality, fertility and migration. Finally, major issues related to China's population policies are examined.

**CHSS 4035 Selected Topics in the Sociology of China I (3,3,0) (E)****CHSS 4036 Selected Topics in the Sociology of China II (3,3,0) (C)**

Prerequisite: CHSS 2016 or SOCI 2016 Modern Chinese Society or SOCI 2015 Sociological Theory I: Classical Theory

These courses are designed to focus on a selected topic on contemporary issues in the Sociology of China. Different instructors will select different topics as the focus of this course. It works as a range of optional courses complementary to those ordinarily offered as an integral part of the Concentration. Normally, no more than a Selected Topic course will be offered each semester.

**CHSS 4046 Social Networks and Chinese Society (3,3,0) (E)**

Prerequisite: CHSS 2016 or SOCI 2016 Modern Chinese Society or SOCI 2015 Sociological Theory I: Classical Theory

This course introduces students to the approach and methodology of social network analysis, the most prominent form of structural sociology. Furthermore, it aims to provide students with a critical understanding of contemporary Chinese society through the angle of social network analysis. Specifically, it will identify the key social network concepts and examine major areas of empirical research in social network analysis, particularly those related to Chinese societies.

**CHSS 4047 Sociological Issues in Urban and Rural Development (3,3,0) (C)**

Prerequisite: CHSS 2016 or SOCI 2016 Modern Chinese Society or SOCI 3015 Modernization and Social Change

This course combines an analysis of theoretical issues relative to urbanization and rural development with a comparative study of these processes in different countries including China. It explores aspects of city size and type. It also examines patterns of urban growth in the capitalist societies of Europe and USA, the Third World and China, and patterns of rural-urban migration. Issues related to the environment and urban planning are considered and special attention is given to the study of patterns of urbanization and rural development in China.

**CHSS 4055 Women in China (3,3,0)**

Prerequisite: CHSS 2016 or SOCI 2016 Modern Chinese Society  
This course aims to examine the political, economic, and cultural forces that are shaping the experience and status of women in the People's Republic of China. Specifically, it will investigate the cultural and structural imperatives of patriarchy in pre-socialist China and discuss how the patriarchal order is redefined, manipulated, and transformed under the socialist rule. It will also review the state policies related to women and evaluate the associated impacts on various aspects of women's status, such as employment, reproduction, family relations, and health. Further, it will examine the implications of market reforms for Chinese women.

**CHSS 4898-9 Honours Project (3,\*,\*)**

Prerequisite: (1) Year IV standing in BSocSc (Hons) in China Studies (Sociology Concentration), and (2) an Interim Report for CHSS 4899

A required project for all Bachelor of Social Sciences (Honours) in China Studies (Sociology Concentration). Students will pursue

in-depth sociological research on a specific topic of interest related to China to the student under the guidance of appointed lecturers from the Department of Sociology. Students are to consult with their advisors regarding the necessary field study, experimentation, library or archival research required, and how best to integrate this into their Honours Project.

**CHST 1005 Introduction to China Studies (1,1,0) (E)**

This one-unit course is designed specially for Year I China Studies students. It introduces students to the origin and development of China studies by examining the state of research and substantive knowledge in the field with an emphasis on the multidisciplinary nature of the field. The course involves a great proportion of guest lectures in order to give students more exposure to the various disciplines involved in the studies of China.

**CHST 1150 Introduction to China Studies (1,0,0)**

This one-unit course is designed specially for Year I China Studies students. It introduces students to the origin and development of China studies by examining the state of research and substantive knowledge in the field. It also introduces works by noted China-watchers or sinologists as well as publications by the teaching staff of China studies at the Hong Kong Baptist University, with an emphasis on the multidisciplinary nature of the field.

**CHST 2110 Summer Sojourn (0,0,0)**

Prerequisite: Year II standing

China Studies students are required to attend this five-week summer sojourn at Beijing's Tsinghua University at the end of their second year. The major components of this summer programme are intensive Putonghua training and seminars on topics related to current issues in China, which are given by renowned Chinese scholars and senior government officials. Field visits to places such as factories, farms, historical sites, government offices, and research institutions are also part of the programme. Students are also required to do a small group project to study one aspect of social life in Beijing.

**CHST 3005 Summer Sojourn (3,3,0) (P)**
