POSTGRADUATE DIPLOMA IN EARLY CHILDHOOD EDUCATION

The Postgraduate Diploma in Early Childhood Education programme is developed in response to the initiative of the Education Bureau to further enhance the quality of early childhood education in Hong Kong by attracting degree holders to enter the field. Graduates of the programme will be trained to become self-reliant early childhood professionals equipped with in-depth knowledge, lifelong learning skills, and commitment to their profession, with the ability to facilitate learning in a constantly changing world and to promote high quality and innovative education and care for young children in the local early childhood education settings.

Mode

The programme is offered in a one-year full-time or two-year part-time mode with face-to-face teaching. In addition, practical sessions will be provided for students to apply the theoretical concepts acquired. The practicum component covers not less than 8 weeks of placement in a local kindergarten or kindergarten-cum-child care centre.

Assessment

Students are expected to complete all academic requirements of the programme before being awarded the Postgraduate Diploma in Early Childhood Education. The grading of the programme will be in accordance with the Hong Kong Baptist University's Grade Point Average (GPA) ruling. Assessment in each course will vary but will be continuous with a mixture of class participation, assignments, practical work and reports.

College of International Education

Director: Dr Ella P O Chan

The College of International Education (CIE) offers the Associate Degree Programme and other post-secondary educational programmes to serve the diversified needs of students. Through the broad-based and innovative curricula, the CIE aims to develop the full range of abilities of students and equip them either for employment or for continued studies in local or overseas universities. Articulation network with universities in Australia, Canada, New Zealand, the United States and the United Kingdom has been established for students to continue their final two years of undergraduate studies.

ASSOCIATE DEGREE PROGRAMME

The Associate Degree Programme is a 65-unit programme which normally requires two-year full-time studies. The curriculum is designed to provide students with a broad-based education as well as concentrations in one or two disciplines. It is hoped that the general education component can broaden students' horizon while the concentrated element mandates some depth in students' academic pursuit. Upon successful completion of the programme, students will be awarded the Associate of Arts or Associate of Science.

Aim

The overall aim is to provide post-secondary students with a full-time education opportunity to acquire a broad-based general education in preparation for employment or further studies overseas and locally. At present, the College has articulation agreements with 28 overseas universities which Associate Degree holders can apply for direct admission. The programme also aims at enhancing the quality of life of students through the pursuit of learning and the development of their potentials.

Structure

The curriculum is designed to provide students with a broad-based education as well as concentration in one or two disciplines or knowledge areas. It also includes a wide spectrum of endeavours and options for students to enrich their learning experiences for employment in a variety of careers and for continued specialized studies. Students should complete a minimum of 65 units in the following study areas:
